

## About Us

Our goal at Connecticut Information Security is to provide your business with a personal touch and a quality of service well beyond your expectations. Our unfaltering discipline ensures that your business stays on track and your customers' online experience never wavers.

Each engagement is treated as our most important. We will work with you to ensure that you have the utmost confidence in the security of your website and network.

### About the Founder

Sean Mehner, CISA, CISSP

Sean has spent a majority of his career focused on providing first class security reviews of Internet-facing technologies. He has a wealth of experience having worked with organizations of all sizes in industries ranging from e-Commerce to Financial Services. Having worked with clients such as Avon Products, DHL, and Priceline.com, Sean has implemented and reviewed a wide variety of complex IT systems. He has also helped to build the security architectures of small, local organizations looking to secure their IT operations. Sean is a Certified Information Systems Security Professional(CISSP) and Certified Information Systems Auditor (CISA).
